

Brief Report on Ozone Layer Day Celebration

Date: 16th September 2024

Venue: Dimoria College, Khetri

Organized by: Dimoria College

In Association With: Assam Science Technology and Environment Council (ASTECC)

Supported by: Department of Forest, and Department of Science, Technology and Climate Change, Government of Assam

On the occasion of the **International Day for the Preservation of the Ozone Layer**, **Dimoria College** organized a special awareness programme on **16th September 2024**, in collaboration with ASTECC and with support from the **Government of Assam**.

The event was graced by the esteemed presence of **Honourable Minister Chandra Mohan Patowary**, Minister of Forest, and **Honourable Minister Keshab Mahanta**, Minister of Science, Technology and Climate Change. Their addresses inspired students and faculty to actively participate in climate action and environmental protection.

The programme featured expert talks, student poster presentations, a tree plantation drive, and a cultural segment focused on environmental themes. Faculty members, students, and representatives from government and environmental bodies engaged in meaningful discussions on ozone protection and sustainable living.

Objective:

To promote awareness and action among students and the community for the protection of the ozone layer and climate sustainability.

Benefits:

The event enhanced environmental consciousness and encouraged student participation in climate initiatives. It also fostered collaboration between government departments, academia, and science organizations like ASTEC.
