Best Practices

Dimoria College, Khetri

Kamrup (M), Assam, PIN: 782403

1. Community Development Programme

- Objective:** To develop some special vocational skills among the youths living in the village area near the college campus.
- Context:** Development of a community leads to the development of mankind. Thus, the college has selected a particular village as a target area for imparting community development programme.
- The Practice:** A committee is formed in the college for imparting vocational skills. The skills include-
- art and craft
 - beauty course
 - sewing course
- Evidence of Success:** The youths have participated in the programmes actively and are benefited by the courses delivered by the college. Some of them have also been able to become independent economically.
- Problems:** There is a shortage of required number of resources and materials for imparting vocational skills as compared to the number of participants.

2. National Cadet Corps (NCC)

- Objective:** To develop values like social services, discipline, team spirit, adventure training amongst the young students.
- Context:** Enhancement of leadership quality, brotherhood and secularism.
- The Practice:** NCC of Dimoria College is an active wing of the college. The name of the unit is 60 Assam Girls BN NCC. It's headquarter is Guwahati Wing-SW. It has a total strength of 52 cadets (1st year -20, 2nd year-21 and 3rd year-11). The Chief Technology Officer (CTO) of our college is Parimita Talukdar, Deptt. of History. It's an certification programme but the students need to clear the camp and then appear for the exam on a 3 years of enrollment period. Every year during August the enrollment process is done. After CATC Camp they are selected for further camps like SNIC, TSC. One Hospital Attachment Camp is also organised for cadets to train them for medical emergencies. They also get selected for RDC Camps which depend on their performance through drill practice held on 26th January every year.
- Evidence of Success:** Some of the students after completing their course under NCC have evolved in their respective careers.
- Problems:** Problems relating to infrastructure and space
